ENTERING CINEMA AVENTURE

Cinema Aventure is located inside the Galeries du Centre, the entrance of which is floor-level.
The cinema itself however, (ticket desk, toilets, screenroom) is only accessible by going down a staircase (around 10 steps) and is not equipped with a lift nor a ramp.
Once you have passed the ticket desk, a turnstile (tourniquet) scans your ticket before you can enter the main hall, which is relatively limited in space, but has benches to sit on. It is also here that the bar is located.

GETTING SEATED IN CINEMA L'AVENTURE

From the main hall, you will enter the screenroom via a staircase (about 20 steps).

Priority seats

A few wide seats without armrests are located at the back of the room, to the left of the entrance.

A few priority seats will be available in the front row, clearly marked with small signs. These seats will be useful, for example, for Deaf people who need a clear view of the subtitles and the French Sign Language (LSFB) interpreter during introductions.

Additional priority seats will be marked at the end of the back rows near the exit for anxious or neurodivergent people, or anyone else who needs quick access to an exit.

GETTING TO THE TOILETS AT CINEMA AVENTURE

The toilets at Cinema Aventure are not gendered and can be found just before the ticket desk. They are not accessible to people in wheelchairs as they are located at the bottom of the stairs. The toilet stalls open outwards but may be too tight for fat folks (4XL and up).

VISITING L'AVENTURE AS A DEAF OR HARD-OF-HEARING PERSON

Film introductions and Q&A sessions are conducted using a microphone.

The screening of A Second Life on 3 November at 21:30 will feature descriptive subtitles for Deaf and hard-of-hearing audience members, and the film presentation and discussion will be accessible in Belgian French-speaking Sign Language.

ATTENTING PINK SCREENS AT CINEMA AVENTURE AS A NEUROATYPICAL AND/OR AGORAPHOBIC PERSON AND/OR PERSON WITH ANXIETY

Cinéma Aventure does not have a specific designated area for people who may need to get away from noise and crowds. The only possibility in this case is to exit the cinema and head back to the gallery.
