ENTERING THE RAINBOW HOUSE

Two steps separate the entrance to the Rainbow House from the pavement. A mobile ramp is available upon request.

GETTING TO THE BAR AND TOILET AT THE RAINBOW HOUSE

Once you have passed the doors, you will find yourself in the bar of the Rainbow House. The space is equipped with different types of seats (benches, bar stools) in order to accommodate different people's needs.

The counter of the bar may be too high for people in wheelchairs - however, people in wheelchairs can also order from the side of the bar counter.

The toilet is unfortunately not accessible to people in wheelchairs as the space available does not allow for wheelchairs to circulate. The doors of the toilet stalls open outwards and are relatively wide (4XL and up).

HELP

Feel free to ask for assistance at the bar. Please remember we are not formally trained in assisting people with special needs, so let us know in as much detail as possible what it is that we can do for you.
